Kindergarten and Alternate Care Program Information

The kindergarten program operates on even school cycle days (full days every second day). St. Alphonsus School provides an Alternate Care Program for kindergarten students on the days when kindergarten is not in session. The program provides an opportunity for students to participate in activities that explore their interests and compliment the kindergarten curricula, as well as supporting families' need for quality childcare. The program is taught by our kindergarten teacher utilizing the classroom and other spaces in the school. It runs on the same time schedule as the school, making it a convenient and consistent routine for parents and children. A Before and After School Program is also available for families that require childcare beyond school hours.

Do you require information about this program?

_____ Yes

_____ No

If you answered no, please help us develop our program by checking below:

_____ We have other childcare provided by a daycare

_____ We have a parent or family member who stays home

_____ Other: _____
